

Instructions for BYOD and iPad Printing at Sturm Campus

Windows OS:

- Start, Settings, Devices, Printers & scanners
- Click on the + next to Add a printer or scanner. The computer will search for available printers.
- Locate the printer named **ACCSCLObbyStudent (HP LaserJet M607)** then click on Add device

iPad:

- Open the document you want to print
- Push the send button. This will bring up a screen with options
- Select the print button
- Select printer
- Locate and select the **HP LaserJet M607**
- On the next window that opens, select Print

Mac OS:

- System Settings > Printers & Scanners > + > Default > HP LaserJet M607 [096692] Bonjour.
- In the Use: dropdown, choose HP LaserJet M607 M609 M609
- If the driver does not show, you may need to download the driver from the website below.
