

1. There is 2 ways to get to **Bookmark Manager**.
- With Chrome browser open, press these 3 keys together Ctrl + Shift + O
 - OR open Chrome, click on the 3 dots icon at the upper right hand corner. Look for **Bookmarks and lists** and then select --> **Bookmark manager**

2. In the Bookmark Manager page, click on the 3 dots at the upper right hand corner again, and select Export bookmarks.

3. Choose which folder you would like to save your backup bookmark and give the file a name.
