

The Avidyne logo is displayed in a green, sans-serif font in the top right corner of the image. The background of the entire slide is a faded, high-angle view from a helicopter cockpit, showing the instrument panel with various gauges and a GPS display mounted on top, with a cityscape visible through the windshield.

## SERVICE BULLETIN

**Document Number:** 601-00182-048

**Title:** IFD5XX-4XX Series Upgrade to 10.2.x.0.A

**Revision:** 00

**Date:** 08 February 2019

### 1. Planning Information

#### 1.1 Distribution/Eligibility

This Service Bulletin may be distributed only to those groups indicated below with a check mark:

| Group                                      | Distribution? |
|--|---------------|
| Avidyne Internal & Field Support Personnel | ✓             |
| Avidyne-authorized Service Facility        | ✓             |
| Avidyne Web/FTP Post                       | ✓             |
| Avidyne-authorized Installer               | ✓             |
| Avidyne OEM customers                      | ✓             |
| End-use customers, owners and operators    |               |

The Accomplishment Instructions contained in Section 3 may only be performed by appropriately authorized personnel with appropriate repair authorization station or repairman certificate.

#### 1.2 Effectivity/Compatibility

This Service Bulletin applies to Avidyne 700-00182-() and 700-00179-() Integrated Flight Display (IFD) with Release 10.2.0.0, 10.2.1.0 or 10.2.2.0 software installed. To determine what version of software is installed, press the "AUX" page key and navigate to the "SYS" tab. Select the "Software" Line Select Key (LSK).

#### 1.3 Concurrent Requirements

None.

#### 1.4 Reason

Installation of this software update addresses the GPS date rollover that will occur on April 6, 2019. This service bulletin is required to upgrade IFDs, p/n 700-00182-() or 700-00179-(), to Release 10.2.x.0.A software. Specifically:

- 10.2.0.0 will become 10.2.0.0.A
- 10.2.1.0 will become 10.2.1.0.A
- 10.2.2.0 will become 10.2.2.0.A
