

Find out why Real Estate Agents love using RatePlug

How does RatePlug help Agents sell properties?

- RatePlug allows agents to provide their buyers with accurate payment scenarios specific to each property they view directly within the MLS system.
- Program includes co-branded property flyers, including a new Virtual version that can be emailed or texted. Flyer promotes property and housing payment information.
- Compliant program protects the broker, agent and lender from TILA, FTC-MAP, TRID requirements
- Consumers interact with the mortgage displays keeping them on listings longer and provides a link to your trusted lending sources.
- RatePlug costs nothing for Canopy MLS members to use!

Additional Agent Benefits

- RatePlug agents experience shorter timeframes from list date to contract.
- System is completely automated. Agents do not need to learn additional software
- Only trusted lending sources are displayed. Agents can know their buyers are in good hands regarding financing assistance.
