Affecting model numbers: DW-VA1P4xT, DW-VA1P8xT, DW-VA1P16xT
New firmware version: 1.0.1.56
Current firmware version: 1.0.1.52
Release date: 1/3/2022

New firmware notes:

1. New PathFinder™ P2P protocol applied.

Firmware download info:

[VMAX A1 Plus 4-channel models.](#)

[VMAX A1 Plus 8-channel models.](#)

[VMAX A1 Plus 16-channel models.](#)

Special instructions/comments:

1. **IMPORTANT!** When the firmware upgrade is complete, the system's PathFinder ID format will change. The recorder must be re-registered with its new PathFinder ID on the DW Mobile Plus™ app.
2. **IMPORTANT!** The Old VMAX Plus app will not support the new PathFinder P2P protocol. If you are using the VMAX Plus app, download and install the DW Mobile Plus app and add your device.
