Assessment Editor

Once in the Assessment Editor, you can customize the assessment to align with your specific learning objectives.

Preview Items

To preview the individual items, select an item or use the up/down arrows to navigate through the items. Use the **Preview** tab to work through the assessment as a student.

Swap Items

To swap an item in your assessments and replace it with another:

1. Select the kebab menu (⋮) to the right of the question, then select **“Swap Item”**.

2. The **Select Item** modal will appear. You can filter by (filters will vary by title):

- a. Title
- b. Chapter/Module
- c. Question Type
- d. Learning Outcome
- e. Grading Type (Manual or Auto Graded)

3. Preview an item by selecting it. Select **“Close Preview”** to close the preview modal.

Note: If an item is already in your assessment, its checkbox will be greyed out, preventing you from adding that same question twice.

4. After selecting one or more items for swapping, select the **“Select # Items”** button. Select the **“Save Assessment”** to save your changes.

Customize Item

To modify an item in your assessment:

1. Select the kebab menu (⋮) to the right of the question, then select **“Customize Item”**.

2. You will be prompted to make a copy of the item for customization. Select **“Make a Copy”**. The **Item Editor** modal will open. From here you can make the necessary changes to the question prompt, answer options or add additional solutions.

3. Select the **“Save”** button to save your changes.
4. If you have previously modified the question, you will see a message indicating that existing copies of this item. Select the **“Use”** button to modify this question further.

Delete Items

To remove an item from your assessment bank, select on the kebab menu (⋮) next to the question, then select **“Delete Item”**.

In the Select Items screen, select the title and the chapter, then locate the item that you want to swap with the current one.

Note: If you have adopted multiple products, you can add an assessment item from any of those products.

Rearrange Items

To rearrange the order of your assessment items, drag and drop questions using the double kebab icon (⋮⋮) to drag it to your desired location.

3. To add a new assessment item, select on the “+ Question” button. A dropdown will appear displaying various question types. Select the desired question type.

Note: If you are delivering this assessment as a print only format, only the following question types are supported: Multiple Choice, Inline Choice/Entry, Ext. Text SCR & ECR (Essay), Gap Match and Selectable Text.

4. Use the “**Guide Me**” feature for a quick tutorial of the question type.

The screenshot shows the 'Item Editor' window with a 'Type: Choice' dropdown menu. A red arrow points to the 'Guide Me' option. The interface includes a 'Question/Prompt' field, a 'Multiple Selections' checkbox, and a list of options (A, B, C, D) with text input fields. On the right, there are sections for 'TITLE', 'BANK', 'MATURITY', 'METADATA', 'LANGUAGE', 'SUBJECT', and 'GRADE LEVEL'.

This screenshot shows the 'Item Editor' window with a 'Multiple Choice' question type. A red circle with a '1' is next to the 'Question' button. A tooltip is visible over the 'Guide Me' button, stating: 'Multiple Choice questions present the candidate with a single prompt and two or more options from which to select. You will pre-determine the number of correct responses.' The interface includes a 'Question/Prompt' field, a 'Multiple Selections' checkbox, and a list of options (A, B, C, D) with text input fields. On the right, there are sections for 'TITLE', 'BANK', 'MATURITY', 'METADATA', 'LANGUAGE', 'SUBJECT', and 'GRADE LEVEL'.

5. Once you have created your item, select **“Save”** to save the item for your assessment.

Print Assessment

To print a PDF version of the assessment for distribution to your students, there are 2 options:

1. From the assessment page, select the **“Print”** button

2. From the preview screen, select the assessment bank link, then select **“Print”**:

3. Selecting **“Print”** will open a dialog box.

A screenshot of a 'Print Assessment' dialog box. At the top, the title 'Print Assessment' is on the left and a close button 'X' is on the right. Below the title bar is a warning section with a yellow triangle icon containing an exclamation mark. The text in this section reads: 'Unsupported items may not appear in the generated PDF or may not be suited for pencil and paper. Always review the generated PDF before distributing to students.' Below the warning is a 'Print Theme' section with a dropdown menu currently showing 'Traditional (Times New Roman)'. Underneath the dropdown are three checkboxes: 'Use Dual Column Layout' (unchecked), 'Shuffle Question Order' (unchecked), and 'Print Assessment' (checked). To the right of 'Print Assessment' is another checkbox for 'Print Answer Key' (unchecked). At the bottom right of the dialog are two buttons: a grey 'Cancel' button and a green 'Generate' button.

4. To customize your printed assessment:
 - Select a print theme
 - Choose whether to use a dual column layout
 - Select Shuffle Question Order to randomize the questions
 - Select whether to print the assessment, answer key, or both.
5. After making your selections, select the **“Generate”** button to create a PDF version of your assessment. Once generated, select **“Download Assessment”** to download the PDF to your computer. If Print Answer Key was also selected, select the **“Download Answer Key”** button to download the answer key PDF separately.

Create Assignments in Schoology with G-W Assessment

To create an assignment using G-W Assessment in Schoology:

1. From the course screen, select **“Materials”** on the left navigation bar.

2. Select the **“Add Materials”** button and select **“G-W Assessment”** from the drop-down menu.

3. The G-W Assessment content selection menu will display, allowing you to select your assessment. In this modal, use the dropdown menu to choose pre-built G-W assessment content from the **Publisher Library**, or select the **“My Library”** tab to access your existing assessments. You can also use the **Search** feature to narrow your list.

4. Once you have located the assessment, you can:
 - a. Preview – Select **“Preview”** to view the assessment.
 - b. Assign – Select **“Assign”** to assign this assessment to your students.
5. Select Assign, then confirm by selecting **“OK”** on the pop-up modal.

Note: This assessment is now live for students. If you do not wish your students to have access to this assessment, you need to unpublish the assessment and re-publish the assessment later.

6. Navigate back to the **“Materials”** tab and select the Gear icon () next to your assignment. Select **“Edit”**.

7. Check the box labeled **Enable Grading** if it is not already selected.

Important Note: If this is not enabled before students take the assignment, their grades will not be recorded.

8. Use the **Category** dropdown to select an existing category. To create a new one, choose **(Create a new grading category)**

Important Note: Leaving this field blank will mark the assignment as “Ungraded,” and it will not show up in the Gradebook.

9. Select **“Save Changes”** to update your assignment.

GWA Assessment Settings

Some assessment policies must be adjusted directly within G-W Assessment to align with the assignment policies in Schoology. You can modify these settings by selecting the assignment after it has been created.

1. To access your assessment settings, locate the assigned assessment you wish to modify within the Schoology assignment list and select it.
2. Access your assessment settings by selecting on the **“More Options”** button and selecting **“Settings”**.

3. A dialog box will open with several settings.

 The screenshot shows the 'Settings' dialog box. It has a title bar with a close button (X). The settings are organized into sections:

- Title:** A text input field.
- Administration Preferences:**
 - ☒ Shuffle answer choices (when possible)
 - ☐ Shuffle question order
 - ☐ Enable Read Aloud (where available)
 - ☐ Practice (scores not included in roll-up data)
- Tools & Supports:**
 - ☐ Enable Highlighter
 - ☐ Enable Line Reader
 - ☒ Enable Option Eliminator
- Calculator Type:** A dropdown menu currently set to 'None'.
- Upon Completion...:**
 - ☒ Reveal the student's score
 - ☒ Reveal the student's responses
 - ☒ Reveal the correct answers
- Retake Preferences:**
 - Number of Attempts (1-99, 0 = Unlimited): A text input field with the value '1'.

 At the bottom, there are 'Cancel' and 'Submit' buttons.

4. From here, you can toggle the following on or off:

- **Shuffle answer choices:** Randomize the order in which students see the answer choices. This feature is only available for multiple choice questions.

- **Shuffle question order:** Randomize the order in which students see questions.
- **Enable Read Aloud:** Students will have the option to have questions and answer choices read to them using text-to-speech by selecting the “Click to Read”

() and “Read Aloud” buttons.

- **Practice:** When selected, the assessment will no longer send scores to the LMS gradebook. All other policy settings will function normally, and students will receive a message that the assessment was taken in practice mode. The assessment will still appear in the gradebook as a line item. No grades will be passed back when the students complete a practice assessment. You can still open the assessment to review student performance, even though it does not count toward the final grade.
 - **Note:** If you switch an assessment from Practice mode to Graded, use the “Resend Scores to LMS” feature to send the scores that were recorded while in Practice mode. If you switch an assessment from Graded to Practice after students have already completed it, you may need to manually clean up any previously sent scores in their LMS.
- **Enable Highlighter:** Students will have the option to highlight text by selecting

the “Toggle Highlighter” button()

Using the highlighter tool helps students actively engage with the text, supporting comprehension, and increasing focus. Students with learning differences such as dyslexia or attention-related challenges can also use the highlighter to organize their thinking, reduce cognitive load and strengthen visual organization and reading strategies.

- **Enable Line Reader:** Students will have the option to have a single line of text visible at a time by selecting the “Toggle Line Reader” button ()

The line reader tool guides the student's attention in a structured way, enhancing comprehension, minimizing reading fatigue. It provides a more controlled and manageable reading experience, particularly for students with visual processing or attention-related differences, by minimizing distractions and supporting focus on the text.

- **Enable Option Eliminator:** Students will have the option to cross out answers they believe to be incorrect by selecting the “**Option Eliminator**” button ().

Answer elimination allows students to remove answer choices that they know are incorrect, helping them focus on the most relevant options. This reduces visual clutter and lowers information processing demands for students with attention-related differences, anxiety, or processing challenges. By streamlining the decision-making process, this feature supports clearer thinking, and enables more confident and efficient processes during assessments.

- **Calculator Type:** Students will be able to display a calculator by selecting the “**Calculator**” button (). Use the drop down to select Basic, Scientific, or Graphing calculators to display.

- **Reveal the student's score:** Display the student's score after they complete the assessment.
 - **Reveal the student's response:** Display the student's response after they complete the assessment.
 - **Note:** Enabling “**Reveal correct answers**” will automatically enable “**Reveal the student's response.**”
 - **Reveal the correct answers:** Display the questions, correct answers and solution (where available) after the assessment is completed.
 - **Note:** If both **Reveal the student's score** and **Reveal the correct answers** are toggled off, student will only see a “Your work has been submitted” message after completion.
 - **Allow re-takes:** By default, students are given 1 attempt on an assessment. Instructors can change the number of retakes to any value between 1 and 99 and provide unlimited retakes by setting the value to 0. The latest score is selected by default for assessment grades, but this can be adjusted to the highest score by selecting the drop down below the number of attempts.
5. Select “**Submit**” once all your settings have been adjusted.

Note: These settings can be adjusted after completion if you prefer to withhold display of correct answers until after the assessment due date has expired.

Editing Assignments in Schoology

1. From the course screen, locate the assessment you wish to edit and select the Gear Icon () next to the assessment.

2. From the drop-down, select **“Edit”**.

3. You can now edit your assessment. After making your changes, select **“Save Changes”**.

Student 1	0 / 1	0 / 1	0 / 1	0 / 1	0 / 1	-	-

3. Enter the score in the field and select the **“Checkmark”** button () to save the score and update the student’s total. You can quickly cycle through students using the student dropdown menu.

	1	2	3	4	5	6	AVERAGE
All Students	0%	0%	0%	0%	0%	-	0%
Student 1	0 / 1	0 / 1	0 / 1	0 / 1	0 / 1	-	-

4. Select **X** to close out the grading screen once you have finished adjusting student scores. A popup will appear confirming the student’s score.

Note: Student grades will not update in your LMS gradebook until all manually graded questions have an associated point value.

Managing Student Submissions and Resending Scores

Retake/Reopen Assessment

The **More Options** button provides tools to manage student submissions and resend scores to the LMS.

1. From the assessment results page, select the **More Options** button.

2. Select **“Retake/Reopen”** to manage student attempts.

3. The **Additional Attempt** option allows you to grant a student a fresh start on an assessment. Select the **“Additional Attempt”** button and then **“Grant Attempt”**; this will delete the student’s existing submission and responses, giving them a fresh start.

4. The **Reopen** option allows you to let a student continue working on an assessment they have previously submitted. To do this, select **“Reopen Attempt”** and then select **“Reopen Submission”**.

Important: When reopening or allowing a student to retake an assessment, please make sure the assessment due date has not expired in your LMS.

5. Select the **Reload Sessions** button to update your session.

Submit In Progress Attempt

Instructors can submit assessments on behalf of students who did not complete or submit an attempt.

1. From the assessment results page, select the **More Options** button.

The screenshot shows the 'Pre Test' assessment results page. At the top right, there is a three-dot menu icon (More Options) highlighted with a red box and a red arrow. Below the header, there are tabs for 'Results By Item' and 'Results By Standard'. A filter bar includes a 'Filter by Name...' input, a 'Refresh' button, a 'Scores' button, and a 'Reveal Names' toggle. A table displays student results for five items, with an 'Average' column showing 80%.

Student	1	2	3	4	5	Average
All Students	50%	50%	100%	100%	100%	80%

2. Select **“Retake/Reopen”**.

The screenshot shows the 'Pre Test' assessment results page with the 'More Options' menu open. A red arrow points to the 'Retake / Reopen' option, which is highlighted with a red box. Other options in the menu include 'Preview', 'Print', 'Resend Scores to LMS', 'Settings', and 'Edit Assessment'.

3. Select **“Submit In Progress Attempt”** next to the student’s name or select **“Submit All In Progress”** to submit all students whose attempts are currently in progress for this assessment.

The screenshot shows the 'Manage Sessions' dialog box. At the top, there are buttons for 'Reopen All', 'Submit All In Progress' (highlighted with a red box), and 'Reload Sessions'. Below is a table with columns for 'Name', 'Attempt', and 'Status'. A student's session is listed with 'Attempt' 1 and 'Status' 'In Progress'. To the right of this row is a 'Submit In Progress Attempt' button (highlighted with a red box) and a settings gear icon. A 'Close' button is at the bottom right.

Name	Attempt	Status
[Redacted]	1	In Progress

4. A Manage Sessions modal will appear to confirm your submission.
Select **“Submit”** to submit the chosen assessments. Close the Manage Sessions modal.

Note: Any automatically graded questions that had answers will still be automatically graded, but manually graded questions will still need to be scored.

Resend Scores to LMS

If student scores are not appearing in the gradebook,

1. Select the **“Resend Scores to the LMS”** button from the **“More Option”** to resync the grades.

Important: Please note that resending scores will resend the scores for ALL students; any existing grades in the gradebook will be overwritten.

Copy Course

After copying a course in Schoology, you will have to reconnect the copied course and its assignments back to G-W Assessment. To do so, follow the steps below:

1. Select the G-W Assessment application (name may vary depending on how this was set up by your LMS admin) in the left navigation bar with your course.

2. Select the **“Connect”** button on the *It’s time to connect your LMS Course to GW Assessment* section on your screen.

3. In the **New Classroom** modal, select **“Create classroom for your LMS”** then select the **“Next”** button.

5. Once a course is copied in the LMS and connected to G-W Assessment, assessments are automatically activated. Students can access their assignments immediately if the available start and end date are open. For this reason, we recommend reviewing your assessment policy settings after the course copy is complete.

Important Notes for copied G-W Assessment assignments:

1. If the class is not connected to G-W Assessment, students will not be able to open their G-W Assessment assignment. They will encounter the following error message when attempting to launch the assignment:

Account Settings

The account setting page allows you to update your name or add a profile picture.

1. Access the account settings by selecting the button with your name in the top right corner of the page.

2. Under the Manage Name section, you can update your first name, last name, and email address by selecting into each field. Select **“Update Name”** to save changes.

A screenshot of the 'Account Settings' page on the G-W Assessment platform. The page title is 'Account Settings'. Below it is a section titled 'Manage name' with a sub-header 'Manage name'. A note states: 'Update the name that appears in this application. Your email address is displayed for informational purposes only and cannot be updated.' There are three input fields: 'First Name' (containing 'Instructor'), 'Last Name' (containing 'Demo'), and 'Email Address' (which is disabled and contains a placeholder). Below these fields is a button labeled 'Update Name'.

3. In the Profile Picture section, you can add or update your profile if you wish to personalize your G-W Assessment experience. Either drag and drop your image into the designated area or use the **“Select Picture from Device”** button to choose a file.

4. To remove your current picture, select **“Clear Picture”**.

Help

The Help page features a wealth of knowledge-based articles for frequently asked questions.

If you need additional support, select the “hamburger” menu in the upper right (☰) and then select the **“Submit Ticket”** link to contact the G-W support team.
