

Two different platforms to access the suite of JBJS products (JBJS Complete)

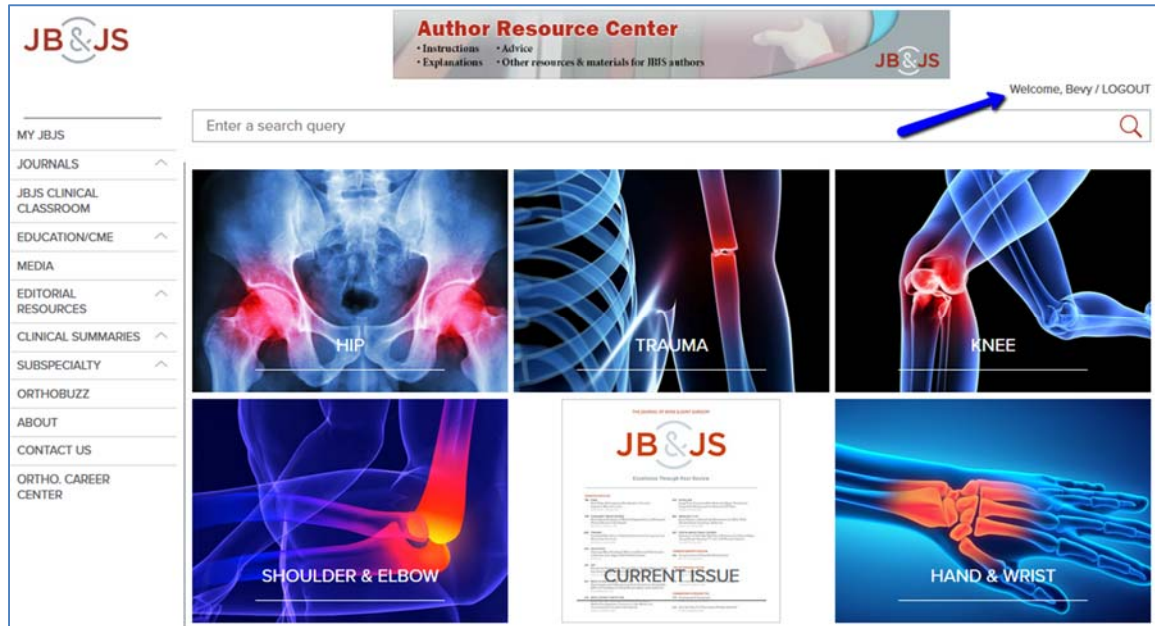

1. The new JBJS.org – select ‘Register/Login’ in the upper right-hand corner

- 1a. Redirects to our Store where authentication takes place

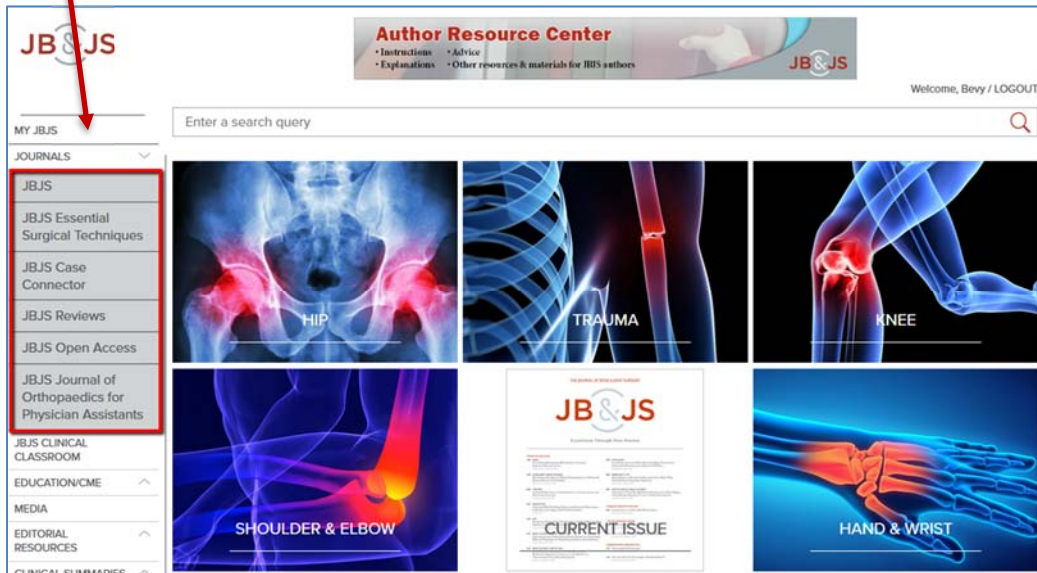

1b. Redirects back to JBJS.org where you can begin accessing content

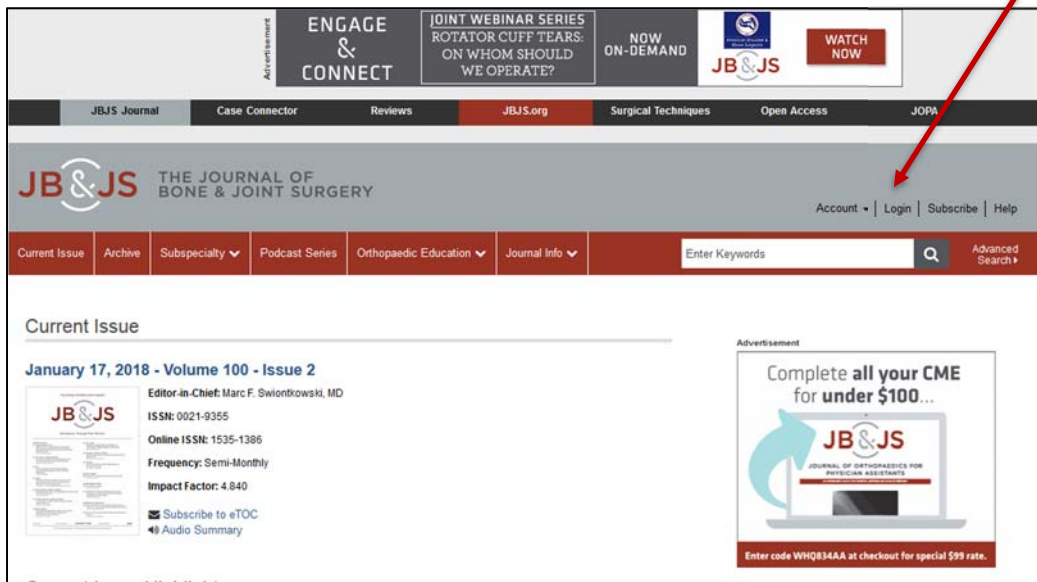

To search across all JBJS journals, do a simple search. Once the page renders, select 'FILTER BY':
JOURNALS

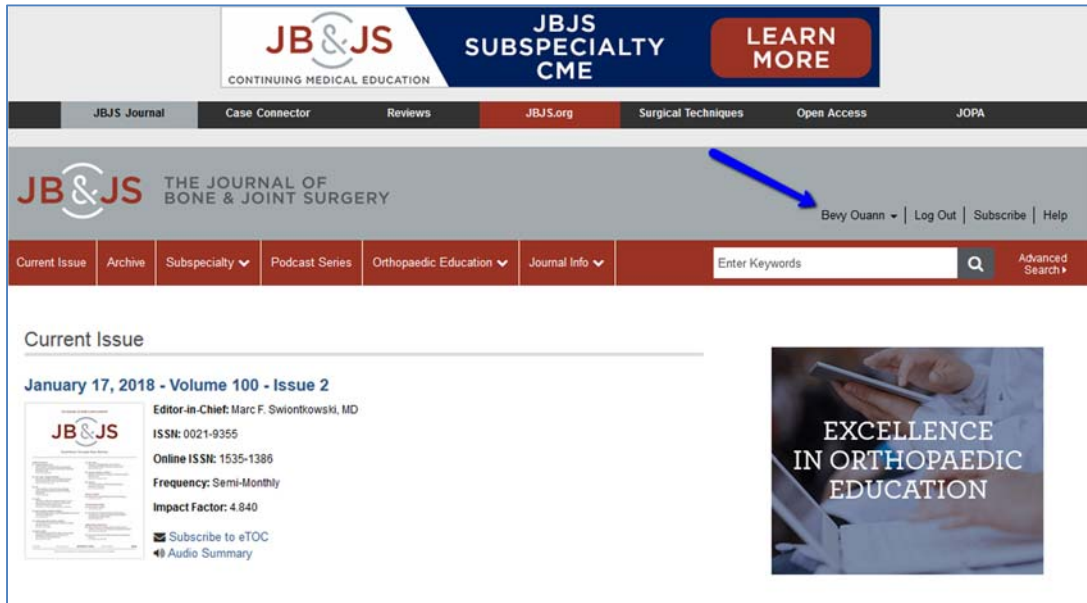

2. LWW sites (individual journal sites) – selecting one of the journals in the left navigation bar will redirect to the individual journal site such as The Journal, journal.jbjs.org.

It will appear that you are not logged in. That is not the case. All you need to do is select 'Login' in the upper right-hand corner. It's a way of 'syncing' the sites.

To access all the other journals, as well as the new JBJS.org, see the microbar at the top of the page
