

In order for reports to include data from other providers, Cross-Provider Reports Fields have to be granted to those providers. These fields are granted through the Central Administration provider.

1. Log into the *Central Administration*.
2. Click *Administrative Options*
3. Click *Provider User Manager*.

4. Click *Manage Providers*.
5. Select a *Provider*.
6. Click *Manage*.
7. Click *Change Cross-Provider Report Fields*.

8. Check a *Permission*.
9. Click *Grant Selected Permissions*.

Administrative Options > Provider User Manager > Manage Providers > Aatest1 > Cross-Provider Report Fields for Provider: Aatest1

**Grant Selected Permissions**   Revoke Selected Permissions   Select All   Deselect All   Back   Print or Export
