

Upgrading Trimble Business Center Warranty

1. Launch Trimble Business Center (TBC) and select the License Manager from the Start Page.

2. Make sure the USB dongle is inserted in the PC and select *Upgrade* on the right-hand side of the License Manager window. The warranty expiration date is displayed at top.

3. Select the key shown next to the dongle symbol, copy the 19-digit code into the box and select *Upgrade*.

Upgrade Licence ✕

Select the key you want to upgrade:

Key Type	Key Id	Contains a Licence
 HASP-HL	313689530	Yes
 HASP-SL	8337858275810...	Yes

Enter the 19-digit code you received as part of the upgrade:

4358727936777360253

Note: Customers with a network licence should contact support@korecgroup.com for upgrade instructions

4. The upgrade will now have been applied, you can check the warranty expiration date in the License Manager to confirm this.

▼
