Pass Rates for Exams

1 Understanding the Passing Score and Exam Results

- A score of 70% is required to pass an exam.
- After completing the exam, you will see your results, including:
  - Your percentage score
  - Pass/fail status
  - Number of correct and incorrect answers

2 Reviewing Your Answers

- Click "Review question results" to see which questions you answered correctly or incorrectly.
- The system will not provide the correct answers; you are encouraged to review the course material to improve your understanding.
- Questions outlined in black indicate "select all that apply" questions where not all correct options were chosen. Green outlines indicate fully correct answers.

3 Retaking the Exam

- Click "Retake" to take the exam again.
- Once you achieve a passing score (70% or higher), click "Continue to next page" to proceed with the course.

Our pass rate comes from the AAVSB requirement that RACE-approved courses have a 70% passing score. This requirement helps ensure a consistent standard of learning and assessment across different continuing education providers.
